

Ceiling Mounted Exhaust Fan

*Effortless air circulation
with minimal noise*

About Ecoair

Incorporated in 2011, Ecoair Cooling Systems, is the leading Indian manufacturer of Industrial Evaporative Air Coolers, High-Volume Low-Speed (HVLS) Fans, Exhaust Fans and other Ventilation products.

Ecoair's prestigious customer base is supported globally through dedicated service teams and a strong partner network across multiple projects and locations. Ecoair's UL/CE certified products have a design philosophy focused on safety, quality, customer requirements, reliability and durability. Ecoair products offer the best global technology at the most competitive pricing with assured hassle free service support and spares.

Ecoair cooling and ventilation systems create comfortable environments in Industrial Shopfloors, Warehouses, Railway Stations, Airports, Restaurants, Kitchens many other public places by supplying Cool, Filtered, Fresh, Oxygen rich air controlling humidity and temperature using innovative, customized solutions as per customer requirements.

Our Purpose

We commit to be on the journey of creating simple, economic and eco-friendly functional air solutions for cool and comfortable ambience for that are enhancing productivity. Customer focused and create customized solutions. Our core values are fundamental to our existence and will continue to guide the way we conduct business.

We continuously strive for creating comfort

- Comfortable cooling, drop temperature up to 20°C with high air flow
- Fresh, filtered, cool and oxygen rich air
- Dust control
- Control the humidity and temperature
- Proper air distribution
- Open space cooling
- Exhausting large volumes of air

Ceiling Mounted Exhaust Fan(Duct Type)

Features & Advantages

- Better airflow efficiency
- Pure copper motor
- Quiet operation
- Low power consumption
- Low noise
- Light weight and durable

Best Suited For Application

- Ceiling fans have a broad range of applications that include residential spaces as well as commercial spaces like offices, clinics, centers, and others.
- Larger spaces like auditoriums, halls, and warehouses also incorporate a ceiling fan, not one but many; however, ceiling fans with long rods are preferred due to the tall ceilings. These fans work very well in industrial areas too.

Performance Table

TYPE	MODEL NO.	VOLTAGE (V)	FREQUENCY (Hz)	POWER (W)	VOLUME (m ³ /h)	STATIC PRESSURE (Pa)	NOISE (dB)	DUCT SIZE ϕ (mm)	APPLICABLE AREA (m ²)	NET WEIGHT (kg)
Semimetal Series	ECME 10-21J	220~240	50/60	25	150	100	33	100	6~12	2.8
	ECME 10-24JL	220~240	50/60	30	200	110	35	100	8~16	3.2
	ECME 10-24JH	220~240	50/60	35	250	120	39	100	10~20	3.2
	ECME 15-27JL	220~240	50/60	45	300	120	33	150	12~24	4.2
	ECME 15-27JH	220~240	50/60	48	400	150	37	150	15~30	4.2
	ECME 15-32J	220~240	50/60	55/50	550/450	150/120	42/37	150	18~44	5.6
Plastic Series	ECME 10-21S	220~240	50/60	25	150	100	33	100	6~12	1.7
	ECME 10-24SL	220~240	50/60	30	200	110	35	100	8~16	1.9
	ECME 10-24SH	220~240	50/60	35	250	120	39	100	10~20	1.9
	ECME 15-27SL	220~240	50/60	45	300	120	33	150	12~24	2.5
	ECME 15-27SH	220~240	50/60	48	400	150	37	150	15~30	2.5
	ECME 15-32S	220~240	50/60	55/50	550/450	150/120	42/37	150	18~44	3.5
